WHO ARE WE ?

NGR Consulting is a business consulting firm active in the areas of organization, operational strategy and information systems, operating mainly in Luxembourg, Belgium, the Netherlands and France. Supported by industry-focused consultants and deep technical know-how, NGR Consulting collaborates with its clients to design innovative business solutions and deliver added-value results. Its experienced consultants are committed to deliver, thanks to deep industry, business process expertise and a proven track record: on this basis, NGR Consulting helps its clients in reaching high performance targets. If you are a committed professional, with good communications and conceptualization skills, you can participate in the evolution of projects, from the definition of requirements through to the implementation. You will hold meetings with clients, defining the issues with professionals and adopting responsibility for project progress.

NGR Consulting offers a highly competitive compensation and comprehensive benefits package. We offer you the opportunity to develop your fullest potential by providing you with appropriate training, mentorship and client engagement opportunities.
